Curriculum Day

Last Friday the staff were involved in a range of professional development activities with Michael Ymer. Michael Ymer is an experienced mathematics teacher/consultant who has been involved in numerous Victorian State initiatives in mathematics. He is currently working with individual schools and clusters of teachers from Primary and Secondary schools throughout the State as a consultant in a wide range of Professional Development programs in mathematics.

At Lyndale Greens Primary School, we ensure that our teachers have the most relevant and current knowledge about all curriculum areas so they can deliver the most effective programs for our students.

Flu Season - Be a germ stopper at school and at home

At various times throughout the year, including flu season, it is important to remind our staff, students and parents of the importance of good hygiene at school and at home.

- Cover your mouth and nose with a tissue when you cough or sneeze
- Throw used tissues in a plastic-lined rubbish bin
- Wash your hands with soap and warm water
Avoid touching your eyes, nose or mouth as germs spread that way.

Headlice
It is that time of year when headlice appear to be more active. From time to time we will have children sent home for headlice. One of the best things we can do as a school is be proactive” in reducing opportunities for headlice. I have attached a flyer to the newsletter which outlines how to detect and treat headlice. Please keep it handy at home.

Children crossing the roads:
We had a report last week from a concerned local resident who saw some of our students run out onto the road without checking for traffic. This is extremely dangerous behaviour and we cannot stress enough the importance of children crossing at the supervised school crossing. I would urge all parents to ensure that their children only cross the road at the supervised crossings. We have also had another child who was hit by a car on Gladstone Road. This child was knocked by a car that fortunately, was not going fast and was able to avoid hurting the child. The driver of the car came back to ensure that the child was ok and also contacted the school. Please take the time to talk to your children about being safe on the roads and in the car parking areas.

Poetry Incursion
A Poetry Day has been organised on Thursday 5th June. The students will participate in a variety of poetry activities. They will also watch a performance “Pick a Peck of Pickled Poems”
Fotina Mangonis, Librarian

Book Club closes Thursday 5th June.
All orders must be in by Thursday. No late orders can be accepted.
